

# USB Stick CopyStation 21

USB Stick CopyStation 21

## Duplication of USB memory sticks

- ◆ Duplication of data images to up to 21 USB memory sticks simultaneously
- ◆ CopyStation consisting of case, built-in power supply and three active USB 2.0 hi-speed hubs; connected via supplied USB 2.0 PCI card and three USB cables
- ◆ In-house developed copy software with the same «look & feel» as all other altec CopyStations; user interface selectable for English or German; other languages are available on demand; compatible with Windows XP
- ◆ Job Wizard to specify parameters for the copy job such as the image file name, number of copies and whether to verify after writing or not
- ◆ CopyStation's transfer rate is approx. 30 MB/s; copies 21 USB sticks with 512 MB in <6 min. (speed depends on USB stick type)
- ◆ Software option for creating and copying smaller image files; with this, USB sticks where much less data is stored than the actual storage capacity permits can be programmed much quicker
- ◆ Optional software interface for data exchange with external application to allow customization of individual USB sticks, e.g. serialization or data encryption
- ◆ File Copy option to copy files from a specified directory to USB sticks, which are supported by Windows, instead of copying from an image file; the sub-directory structure (if present) is also copied
- ◆ System requirements for using the CopyStation include a PC with Windows XP, a free PCI slot, 21 available drive letters and administrative rights for the software
- ◆ We strongly recommend that you only use USB memory sticks from international brand manufacturers such as SanDisk, Lexar or Transcend

## Product Highlights

- High volume duplication of content to USB sticks
- Choice between a standard and two optional copy methods
- Unique software option for customization of USB sticks
- Competitive price due to the use of standard components

USB Stick CopyStation 21 is compatible with USB 1.1 and 2.0 sticks.

**24 Months Warranty**

USB Stick CopyStation 21	Item no.
USB Stick CopyStation 21	B31AL185
Software Short Image Files	31AL1852
Software interface for e.g. external serialization	31AL1854
Software File Copy	31AL1857

## Technical Specifications

**RoHS COMPLIANT**  
2002/95/EC

### Hardware

- Interface PCI card for 3 x USB 2.0 Hi-Speed
- Slots for 21 USB sticks; horizontal center-to-center distance between the slots 11.5 mm, vertical 42 mm
- Dimensions 191 x 287 x 173 mm (WxDxH)

### Environmental Specifications

- Humidity 5% to 95%, non-condensing
- Temperature 0° to +40°C (operating)

### Power Requirements

- DC Input Voltage via built-in power supply; 80 Watt, 110-230 Volt

### Performance

- Data transfer rate approx. 30 MB/s; 21 USB sticks à 512 MB in <6 min. (speed depends on USB stick type)

### Software

- Compatible with Windows XP
